

■ LOSS PREVENTION SOLUTIONS

Protecting Assets. Reducing Shrinkage. Securing Businesses.

Retail Security • Inventory Control • Investigations • CCTV & Surveillance • Risk Audits

CORPORATE PROFILE • 2026

Kenya's Loss Prevention Partner

Professional asset protection for retailers, warehouses and corporate organizations.

For more than a decade, Achievo Limited has delivered professional loss prevention and security solutions to retailers, supermarkets, warehouses, logistics companies, and corporate organizations across Kenya.

We help organizations minimize losses, strengthen internal controls, and safeguard profitability.

PROVEN RESULTS

Up to 35% reduction in losses

through structured loss prevention programs.

Why Loss Prevention Matters

Protecting people, assets, information and reputation.

Inventory shrinkage, internal theft, operational inefficiencies, fraud, and non-compliance continue to affect profitability across industries.

Effective loss prevention programs protect people, assets, information, and reputation — while improving operational efficiency across your organization.

- Reduced inventory losses and shrinkage
- Stronger operational controls
- Improved staff accountability
- Enhanced workplace safety
- Increased customer confidence
- Regulatory compliance & risk mitigation

Achievo Delivers

Six measurable outcomes for your business.

Six Loss Prevention Service Lines

End-to-end protection — from the shop floor to the boardroom.

01

Retail Loss Prevention

Trained officers and supervisors deployed to monitor operations and prevent theft.

02

Inventory Control & Stock Protection

Stock audits, verification and shrinkage analysis across your supply chain.

03

Investigations & Incident Management

Theft and fraud investigations with root-cause analysis and reporting.

04

Risk Assessment & Security Audits

Site assessments, SOP evaluations and security improvement roadmaps.

05

CCTV & Surveillance Support

Monitoring, video analysis, incident reviews and access control support.

06

Training & Awareness Programs

Customized programs for staff, supervisors, managers and security teams.

Retail Security & Stock Protection

Visible deterrence on the floor — and tight control over every item.

Retail Loss Prevention

Professional deployment of trained officers and supervisors to:

- Monitor store operations
- Prevent shoplifting & internal theft
- Conduct surveillance activities
- Enforce operational procedures
- Investigate incidents & anomalies
- Improve customer & employee safety

Inventory Control & Stock Protection

We support organizations through:

- Stock audits
- Inventory verification
- Shrinkage analysis
- Goods receiving inspections
- Warehouse control systems
- Cycle counting programs

Investigations & Risk Audits

Getting to the root cause — and closing every security gap.

Investigations & Incident Management

Our teams conduct:

- Theft investigations
- Fraud detection
- Evidence collection
- Report preparation
- Root-cause analysis
- Corrective action recommendations

Risk Assessment & Security Audits

We identify vulnerabilities and develop preventive measures through:

- Site assessments
- Physical security reviews
- Operational risk analysis
- SOP evaluations
- Compliance inspections
- Security improvement recommendations

Surveillance & Training

Eyes on every site — and a team that knows what to watch for.

CCTV & Surveillance Support

We provide:

- Monitoring support
- Incident reviews
- Video analysis
- Reporting & evidence documentation
- Access control support

Training & Awareness Programs

Customized programs for retail staff, supervisors, managers, warehouse personnel and security teams.

TOPICS INCLUDE

- Loss prevention principles
- Fraud awareness
- Customer service & vigilance
- Workplace safety
- Incident response procedures
